

MP-SP band hanger, galvanised

Key features

- **Rapid installation**
 - Insert pipe, “click” to close, saves valuable installation time
 - Pre-assembled band hangers for economical pipe installation
- **Safety first**
 - Quick-locking closure with double security thanks to a dual locking system; Can be opened again easily with a screwdriver
 - Single-hand installation: No risk of accident - no struggle to fit the pipe and pipe ring to a threaded rod and no special nuts are necessary
- **Cost saving**
 - Not expensive, special nuts have to be re-ordered if the standard nuts are lost
 - Economical installation method reduces labour costs
- **System features**
 - Co-ordinated sprinkler system from one supplier, thus less administration work because of only one contact
 - System approved by VdS, FM and UL
- **Compatible with Hilti MP pipe ring programmes**

Loading as per VdS, FM and UL regulations
