

# HSE PRODUCT PROFILE: PIPE CLAMP MP-U

Galvanized pipe clamp with quick closure for maximum productivity in medium-duty applications

Criteria	Values
Life Cycle Assessment (LCA) available	Yes, on request
Environmental Product Declaration (EPD) available	No
Cradle2cradle Material Health Certificate available	No
Health Product Declaration available	No
REACH, PAH, RoHS conformity (acc. to Supplier Declaration)	Yes
REACH, PAH, RoHS conformity (acc. to Supplier Declaration) - Date of verification	21.01.2021
LEED MR BPDO - REACH optimization: free of components on REACH authorization & restriction list (where applicable), <0.1% SVHC	Yes
LEED MR BPDO - REACH optimization: free of components on REACH authorization & restriction list (where applicable), <0.1% SVHC - Date of verification	21.01.2021
Free of Halogens (acc. to Supplier Declaration)	Yes
Free of Methylene Diphenyl Diisocyanate (MDI) (acc. to Supplier Declaration)	Yes
Free of Phthalates (acc.to Supplier Declaration)	Yes
Free of Silicone (acc. to Supplier Declaration)	Yes
Free of Styrene (acc. to Supplier Declaration)	Yes
Materials used	Carbon Steel (DC01 – DIN EN 10130, DD11 DIN EN 10111); O-Ring (EPDM); Washer (HDPE)
Surface finish	Galvanized
Manufacturing location / Country of origin	Turkey
Recycled content (pre-consumer) (acc. to Supplier Declaration)	Steel: 20%
Recycled content (post-consumer) (acc. To LEED standard v.4)	Steel: 25%
Recycling of packaging	Recyclable
Reuse of product	Yes
End of life status	Recyclable

Issued: 02/2021 Last revision: n.r.
